

DuraLite Air Cleaner (Single Stage)

DuraLite Air Cleaners are tough, non-metallic, lightweight, self-supporting and completely disposable. They are also easy to install, durable, and reliable. They are designed to function well under high and severe pulsation conditions found in many applications. Vibration-resistant media is potted into molded housings of rugged ABS plastic – so they don't fall apart as other designs might. They can be mounted vertically or horizontally.

SPECIFICATIONS

- ▶ No serviceable parts - Air cleaner housing and filter are one unit
- ▶ Designed to withstand severe intake pulsation
- ▶ Economical replacement cost
- ▶ Self-supporting, sturdy
- ▶ Very reliable: only one critical seal
